For more than 30 years, K.B. White has set a high standard for customer satisfaction by offering the highest quality equipment for the Recreational Clamming Industry. Our products are a rugged mix of heavy duty forged steel, Indiana ash wood, stainless steel rake systems, and custom netting.

For 2019, we are excited to be adding to our family of fishing products!

First, K.B. White is proud to be offering high quality, USA Made Crab Traps and Crabbing Accessories for the Recreational Fisherman. This was made possible by aligning ourselves with other U.S. manufacturers as a distribution outlet. We are now able to provide a complete mix of Shellfishing Gear to our customers.

Secondly, K.B White is now designing and distributing its own line of semi-custom fishing nets under the Keeper Fish label. All nets are manufactured in the U.S. and done so under the design and direction of K.B White. We believe these are the highest quality fishing nets in the industry, with a diverse selection and pricing that provides a net for any need. The unique designs and attention to detail are the Keeper Fish difference.

Enjoy exploring our catalog, and feel free to contact us with any questions or concerns. We love getting feedback or ideas.

Sincerely,

Eddie Johns
President
